# Children's Mental Health Awareness Week

May 1-5, 2017 | 12:00 - 1:00 PM

In recognition of Children's Mental Health Awareness week, the child psychiatry team is providing educational sessions about topics and treatments in child psychiatry and about the child psychiatry services at HCMC.

All speaking events will be held at the **Micheal K. Popkin MD Psychiatry Family Resource Center** located in the Red Building, Level 2, next to the Medical Library.

- |                  |  |
